AUTHOR INFORMATION

The Turkish Journal of Population Studies publishes scientific articles regarding population and population related subjects. The journal is published once a year in December. Articles in either Turkish or English are accepted to the Turkish Journal of Population Studies.

The articles should meet the below criteria to be considered for publication;
- be original,
- not be published elsewhere previously,
- not be sent elsewhere for publication.

Articles should be sent to the editor before July, 1 (editor.nee@hacettepe.edu.tr). Articles received after this date shall be considered for the next issue.

The articles to be submitted to the journal are expected to satisfy the conditions below:

[1] The articles should be written in Times New Roman font, 12 font size and single line spacing.

[2] A cover page should be attached to the article. This page should include (i) the title, (ii) names of authors with affiliations and contact information, (iii) a running title of 2/3 words, (iv) a postal address, a telephone number, an e-mail address and a fax number, if available, for correspondence.

[3] The articles should begin with abstracts no longer than 200 words and describe the study, written in both Turkish and English. Keywords no more than 5 words should be included after the abstracts in both Turkish and English The keywords must be among standard keywords such as those included in the “Anahtar Kelimeler Ulusal Veri Tabanları” (UVT, National Keyword Database)¹.

[4] Tables and Figures in the text must be numbered by the order they are mentioned in text.

[5] Footnotes should be avoided. Notes should be numbered throughout the text and be presented on a separate page titled “Notes”.

[6] Appendices should be presented after the main text and before the references. They should be numbered using capital letters, as Appendix A, Appendix B, etc.

[7] Figures in the articles should be edited for black-white printing.

[8] References should be placed after the main text and be alphabetically ordered by authors’ last names. For multiple works by the same author(s) within the same year, small letters “a”, “b”, “c”, etc. should be added to the year of publication. The reference style should meet that of American Psychological Association (APA), 6th edition, as follows:

Collective work:

[9] All articles submitted will be initially reviewed by the editorial board and then be sent to at least two referees for review. Decisions regarding the articles will be communicated to the authors before October 1. Revisions to the articles, when necessary, should be made and sent to the editor before October 15.

[10] Articles should be written in accordance with the basic ethical principles of academic publishing that have national and international validity.

[11] It will be examined by the necessary programs that the submitted work is the author’s own and has not been plagiarized.

[12] Edits to articles in press are not sent to the authors.

[13] Three copies of the Turkish Journal of Population Studies will be sent to the author(s) free of charge.
