The 2003 Turkey Demographic and Health Survey (TDHS-2003) was carried out by the Hacettepe University Institute of Population Studies in collaboration with the General Directorate of Mother and Child Health and Family Planning of the Ministry of Health.

Initial funding for the TDHS-2003 was provided by the Government of Turkey, as a project in the annual investment program of the State Planning Organization. Further funding was provided by the European Union through the Turkey Reproductive Health Program implemented by the Ministry of Health.

TDHS-2003 is fully comparable with the models and standards developed by the worldwide Demographic and Health Surveys (MEASURE/DHS+) project. Macro International Inc. provided technical assistance on the review and formatting of the final report.
